Vol. 54, Nos. 1–2

SPECIAL ISSUE

STUDIES OF LARGE VOLUME LANDSLIDES

Editorial 1

Research Papers

Major risk from rapid, large-volume landslides in Europe (EU Project RUNOUT)
C.R.J. Kilburn and A. Pasuto 3

On the dynamics of the Köfels sturzstrom
S.-A. Sørensen and B. Bauer 11

Forecasting giant, catastrophic slope collapse: lessons from Vajont, Northern Italy
C.R.J. Kilburn and D.N. Petley 21

Neotectonics of the Vajont dam site
F. Mantovani and C. Vita-Finzi 33

Public awareness of landslide hazards: the Barranco de Tirajana, Gran Canaria, Spain
M. Carmen Solana and C.R.J. Kilburn 39

Down-slope variation in geotechnical parameters and pore fluid control on a large-scale Alpine landslide
A.J. Wilson, D.N. Petley and W. Murphy 49

Monitoring landslides from optical remotely sensed imagery: the case history of Tessina landslide, Italy
J. Hervás, J.I. Barredo, P.L. Rosin, A. Pasuto, F. Mantovani and S. Silvano 63

Analyzing the evolution of the Tessina landslide using aerial photographs and digital elevation models
C.J. van Westen and F. Lulie Getahun 77

First simulations of the Sarno debris flows through Cellular Automata modelling
D. D'Ambrosio, S. Di Gregorio, G. Iovine, V. Lupiano, R. Rongo and W. Spataro 91

Vol. 54, Nos. 3–4

Research Papers

Fluvial response a decade after wildfire in the northern Yellowstone ecosystem: a spatially explicit analysis
C.J. Legleiter, R.L. Lawrence, M.A. Fonstad, W. Andrew Marcus and R. Aspinall 119

A hydroclimatic threshold for landslide initiation on the North Shore Mountains of Vancouver, British Columbia
M. Jakob and H. Weatherly 137

Distribution and effectiveness of nivation in Mediterranean mountains: Peñalara (Spain)
D. Palacios, N. de Andrés and E. Luengo 157

Landslide inventory in a rugged forested watershed: a comparison between air-photo and field survey data
F. Brardinoni, O. Slaymaker and M.A. Hassan 179

Holocene lateral channel migration and incision of the Red River, Manitoba, Canada
G.R. Brooks 197

A scaling approximation of equilibrium timescales for sand-bed and gravel-bed rivers responding to base-level lowering
M.W. Doyle and J.M. Harbor 217

A super-large landslide in Tibet in 2000: background, occurrence, disaster, and origin
Y. Shang, Z. Yang, L. Li, D. Liu, Q. Liao and Y. Wang 225
Wind velocity and sand transport on a barchan dune
G. Sauermann, J.S. Andrade Jr., L.P. Maia, U.M.S. Costa, A.D. Araújo and H.J. Herrmann 245
Channel network morphology and sediment dynamics under alternating periglacial and temperate regimes: a numerical simulation study
P.W. Bogaart, G.E. Tucker and J.J. de Vries 257
Late Pleistocene–Holocene hydrologic changes in the interfluve areas of the central Ganga Plain, India
P. Srivastava, I.B. Singh, S. Sharma, U.K. Shukla and A.K. Singhvi 279
Catastrophic flood effects in alpine/foothill fluvial system (a case study from the Sudetes Mts, SW Poland)
T. Zielinski. 293
Quantifying channel development and sediment transfer following chute cutoff in a wandering gravel-bed river
I.C. Fuller, A.R.G. Large and D.J. Milan 307
Crevice-type caves as initial forms of rock landslide development in the Flysch Carpathians
W. Margielewski and J. Urban 325
The rock-avalanche of February 1995 at Claix (French Alps)
P. Bertran. 339

Book Reviews
Hydrological Applications of GIS
M.D. Daniels 347
Principles of Glacial Geomorphology and Geology
D.A. Gielstra 348
Geomorphology and Environmental Impact Assessment
D.J. McGlashan 350

Contents Volume 54, 2003 353
